HOW YOUR BOARD WORKS

Once activated, you're now placed on a matrix board with **6** open positions below you. As people purchase credits, spots fill up. You earn Dollars only when someone lands on one of your **4** pay line positions.

💰 Each time someone lands on your pay line, you get paid instantly!

When the **4th** and final position fills, that commission is automatically used to open a new board for you-so you can keep earning without repurchasing a position.
